School Member Selection • Communication • Participation
- III SPORTS & ACHIEVEMENT**

Skating • Chess • Active Learning
- IV CULTURE & COMMUNITY**

Teachers' Day • Raksha Bandhan • Independence Day • Earth Day
- V WELL-BEING & AWARENESS**

Menstrual Health • Doctor's Day • Parent Engagement

FROM THE PRINCIPAL’S DESK

A Term of Confidence, Curiosity & Growth

Dear Parents, Students and Members of the Baldwin Family,

The first half of the academic session has been filled with moments of learning, participation, creativity and achievement at Baldwin’s Sophia.

From welcoming students into a new academic session to creating opportunities for leadership, discussion and exploration, the term has encouraged our students to step forward with confidence.

Our students participated in an Inter-House Debate Competition, explored career possibilities through an orientation programme on Dairy Technology, experienced immersive learning through technology, and developed strategic thinking through chess.

The term also brought moments of achievement beyond the classroom. Students represented Baldwin’s Sophia in sporting activities, including skating, while school initiatives such as School Member Selection 2026–27 encouraged students to understand responsibility and leadership.

Equally important were the experiences that brought our school community together — Teachers’ Day, Raksha Bandhan, Independence Day, Earth Day, Red Day, Yellow Day and meaningful parent engagement.

At Baldwin’s Sophia, education is about much more than academic learning. It is about nurturing confidence, character, curiosity and the courage to take the next step.

Every activity, every conversation and every opportunity contributes to the journey of becoming.

Warm Regards,
Mrs. Alpana Daftuar
PRINCIPAL · BALDWIN’S SOPHIA, PATNA

TERM I AT A GLANCE

LEARNING	LEADERSHIP	COMMUNITY
Career Orientation	School Member Selection	Teachers’ Day
Immersive Reality	Debate	Raksha Bandhan
Future Skills	Student Participation	Earth Day
Creative Learning	Communication	Parent Engagement

MOMENTS THAT SHAPE US

A Term of Learning, Leadership & Belonging

The first half of the academic year has been a collection of experiences that extend far beyond conventional classroom learning.

Students have spoken, debated, competed, created, explored, celebrated and connected.

From the confidence of a debate stage to the concentration of a chessboard, from exploring future careers to experiencing immersive technology, every opportunity has added another layer to the journey.

The celebrations of Teachers’ Day, Raksha Bandhan and Independence Day brought our community together, while Earth Day and health-awareness initiatives reminded us of the importance of responsibility and well-being.

At Baldwin’s Sophia, every experience is an opportunity to become a little more confident, a little more curious and a little more prepared for tomorrow.

The Journey Continues...

LOOKING AHEAD

A New Chapter. New Possibilities.

There is much more to discover in the months ahead.

- More questions to ask.
- More ideas to explore.
- More challenges to embrace.
- More stories to create.

AND MORE REASONS TO BELIEVE IN WHAT OUR STUDENTS CAN BECOME.

ADMISSIONS OPEN
(2027-28)
Future Begins at Baldwin Sophia

- Activity Based Learning
- Top-notch Faculty
- 100% Safe & Secure Campus
- Holistic Development

COMMUNITY & EVERYDAY LEARNING

Small Moments, Big Lessons

I EARTH DAY

Small Steps Today for a Greener Tomorrow

Earth Day encouraged students to reflect on the importance of caring for the planet.

Through environmental activities and awareness, students explored a simple but powerful idea:

Learning to love, respect & protect our planet.

2 YELLOW DAY

Little Stars Shined Bright

Yellow Day brought colour and cheer to the school environment. For young learners, colour-based experiences became an opportunity to explore, participate and express themselves through joyful classroom activities.

4 SPLASHING INTO FUN

Learning Through Play

Sometimes learning happens through movement, laughter and shared experiences. The school's playful water activity gave students an opportunity to enjoy the moment, interact with one another and experience the simple joy of being together.

PLAY. EXPLORE. DISCOVER.

LEARNING & ACHIEVEMENT

Curious Minds. Confident Voices.

I INTER-HOUSE DEBATE COMPETITION

The Inter-House Debate Competition gave students a platform to think, articulate and express.

Through arguments, ideas and confident communication, students explored the power of words and the importance of listening to different perspectives.

The competition encouraged students to move beyond simply knowing an answer — and to learn how to present, defend and communicate an idea.

2 SCHOOL COUNCIL MEMBER SELECTION 2026-27

The School Member Selection process provided students with an opportunity to step forward and embrace responsibility.

Leadership at school begins with participation — learning to communicate, collaborate, take responsibility and contribute to the community.

The selection initiative encouraged students to look beyond titles and understand the values that come with leadership.

3 CHESS AT BALDWIN'S SOPHIA

Chess offered students a fascinating world of strategy, patience, concentration and decision-making.

Every move tells a story — requiring players to think ahead, understand possibilities and make thoughtful choices.

Through the Chess Competition, students experienced how a simple board can become a powerful space for developing strategic thinking.

FUTURE LEARNING & WELL-BEING

Exploring What Comes Next

I CAREER ORIENTATION PROGRAMME

Exploring Promising Careers in Dairy Technology

Students participated in an orientation programme focused on Dairy Technology, opening a window into a specialised field and its career possibilities.

The session encouraged students to explore lesser-known career pathways and understand how science, technology and industry come together in the professional world.

EXPLORATION TODAY. POSSIBILITIES TOMORROW.

3 MENSTRUAL HEALTH AWARENESS

Open Conversations. Informed Minds.

The school conducted a Menstrual Health Awareness initiative focused on creating an open and informed environment for meaningful conversations.

The initiative highlighted the importance of awareness, understanding and respectful dialogue around student well-being.

KNOWLEDGE BUILDS CONFIDENCE.

2 EXPLORING IMMERSIVE REALITY

When Technology Becomes an Experience

Students explored the world of immersive reality, experiencing how technology can create interactive and engaging learning environments.

Such experiences encourage students to approach technology not merely as a tool, but as a medium for exploration, discovery and imagination.

4 DOCTOR'S DAY

Celebrating the Heroes in White Coats

Doctor's Day became an opportunity to recognise the dedication of healthcare professionals and the important role they play in caring for communities.

Students reflected on the contribution of those who work every day to protect, heal and serve.

CULTURE, CREATIVITY & STUDENT LIFE

Celebrations That Bring Us Together

I TEACHERS' DAY

Honouring Those Who Guide Us

Teachers' Day was a heartfelt celebration of the people who guide, inspire and encourage students every day.

Through performances, expressions of gratitude and joyful moments, students celebrated the special bond between teachers and learners.

A TEACHER'S INFLUENCE LASTS BEYOND THE CLASSROOM.

2 RAKSHA BANDHAN

Creating Rakhis. Sharing Bonds.

Students celebrated Raksha Bandhan through creativity, tradition and meaningful participation.

From making handmade rakhis to sharing moments of togetherness, the celebration brought the values of care, affection and connection to life.

3 INDEPENDENCE DAY

Tiny Hands. Tricolour Smiles.

The spirit of Independence Day came alive through colourful celebrations and enthusiastic student participation.

For our young learners, patriotism became an experience filled with colour, expression, pride and joy.
